# CALM IN BALM

With its melted-wax texture, this deep cleansing balm soothes, moisturises and even removes waterproof make-up.

## PROPERTIES

The balm is formulated with avocado oil due to its nourishing action, alpha-bisabolol, for its soothing benefits, shea butter with nutritive and emollient restructuring properties, and a complex of jojoba, mimosa and sunflower waxes for making skin soft and hydrated.

## USE

- All skin types including sensitive and reactive skin
- First step in double cleansing due to its oil base
- To prepare skin before and after cosmetic medical treatment

## BENEFITS

- Deep cleansing
- Even removes waterproof make-up
- Moisturises
- Soothes

50 ml.

Hypoallergenic  
Non-comedogenic  
Tested on 5 heavy metals

## INGREDIENTS

### Avocado oil

- Nutritive effect

### Alpha-bisabolol

- Soothing effect

### Shea butter

- Nutritive and emollient restructuring effect

### Complex of jojoba, mimosa and sunflower waxes

- Hydration and softness

## EFFICACY STUDY

**+13.6%** hydration in 20 mins<sup>1</sup>

**-8.4%** TEWL en 20 mins<sup>1</sup>

## COMPLEMENTARY PRODUCTS

- Gentle Cleansing Mousse (dry, sensitive and reactive skin types)
- Purify Essential Cleanser (combination or oily skin)
- Upgrade [AR]
- Photocorrection [AR 50+]

## APPLICATION

Apply a small amount on your face as part of your daily cleansing routine.

Use as the first step in double cleansing.

1. A study carried out on 20 volunteers between the ages of 18 and 56. Immediate results after using the product.

# MICELLAR WATER [AR]

A cleansing micellar water that hydrates, soothes and restores the barrier function of sensitive and red skin.

Ophthalmologically and dermatologically tested on sensitive and reactive skin

## PROPERTIES

Formulated with Hyaluronic Acid for its moisturising, softening, and soothing effects, Liquorice Extract as an anti-redness ingredient and Gluco-oligosaccharide Prebiotics that balance the microbiota and restores the natural balance of your skin.

## DIRECTIONS FOR USE

- Suitable for all skin types
- Especially recommended for sensitive skin and redness

## BENEFITS

- Deep cleansing
- Moisturising
- Soothes and restores the barrier function
- Toning effect

**pH Product**  
6.8-7.5  
400ml

FRAGRANCE-FREE  
Hypoallergenic  
Non comedogenic  
Tested on five heavy metals

## INGREDIENTS

### Hyaluronic Acid

- Moisturising, softening, and soothing effect

### Liquorice Extract

- Anti-redness effect

### Gluco-oligosaccharide Prebiotics

- Stimulate the growth and resistance of saprophytic flora

## EFFICACY TEST

**+37%** hydration in 20 min<sup>1</sup>

**-8%** TEWL in 20 min<sup>1</sup>

**-3.4%** redness reduction in 20 min<sup>1</sup>

Cooling Effect<sup>1</sup>

Antipollution<sup>2</sup>

## COMPLEMENTARY PRODUCTS

- Calm in Balm
- Purify essential cleanser
- The Cool Rescue
- Upgrade [AR]
- Photocorrection [AR 50+]

## APPLICATION

Apply to a cotton pad and sweep across the face to remove makeup and dirt.

1. Study carried out on 20 volunteers after using the product.  
2. In vitro study

# GENTLE CLEANSING [MOUSSE]

This mousse-textured cleansing foam hydrates and soothes sensitive and reactive skin while respecting the skin ecosystem (microbiota, pH and hydrolipidic layer).

## PROPERTIES

The mousse is formulated with hyaluronic acid for its moisturising properties, panthenol for its anti-reddening effect, betaine for its moisturising and protective ability, and galactooligosaccharides for microbiota balancing. (SYNDET) soap free to maintain normal condition of skin.

## USE

- For dry, sensitive and reactive skin types
- Second step in double cleansing due to its water base
- To prepare skin before and after a cosmetic medical treatment

## BENEFITS

- Cleanses
- Moisturises and soothes redness
- Respects the skin ecosystem
- Maintains skin barrier function

**pH of product**  
5-6  
200 ml.

Hypoallergenic  
Non-comedogenic  
Tested on 5 heavy metals

## INGREDIENTS

### Hyaluronic acid

- Moisturising effect

### Panthenol

- Anti-reddening effect

### Betaine

- Moisturising and protective effect

### Galactooligosaccharides

- Balance the microbiota

## EFFICACY STUDY

**+6.4%** hydration in 20 mins.<sup>1</sup>

**-4.4%** TEWL en 20 mins.<sup>1</sup>

Anti-pollution effect<sup>2</sup>

## COMPLEMENTARY PRODUCTS

- Calm in Balm
- Upgrade [AR]
- Photocorrection [AR 50+]
- Eternalist A.G.E. [Retinol]

## APPLICATION

Apply a small amount on your face as part of your daily cleansing routine.

Second step of double cleansing for dry, sensitive and reactive skin types.

1. A study carried out on 20 volunteers between the ages of 18 and 56. Immediate results after using the product.  
2. In vitro test.

## INGREDIENTS

### Gentle surfactants

- Cleanses without damaging the skin barrier

### Hyaluronic Acid

- Moisturising effect

### ZincPCA

- Helps to control sebum and strengthen the hydrolipidic barrier

### Buchu Leaf extract

- Sebum control effect

### Flax extract

- Rich in essential fatty acids to repair the barrier and help reduce redness

## COMPANION PRODUCTS

- Calm in Balm
- Azelaic Peel
- Pure Age Perfection [Cicache Serum]
- Photocorrection [Pure Age Perfection 50]

## APPLICATION

Apply a small amount to the face and massage to emulsify as part of your daily cleansing routine.

For normal, oily, and acne-prone skin. Use as a second step in double cleansing.

1. Study carried out on 20 volunteers aged from 18 to 76 with normal, mixed, and oily skin, after a single product use.
2. Instrumental study with Miravex Antera 3D on 20 volunteers.

## EFFECTIVENESS TEST

**+6%** hydration in 20 min<sup>1</sup>

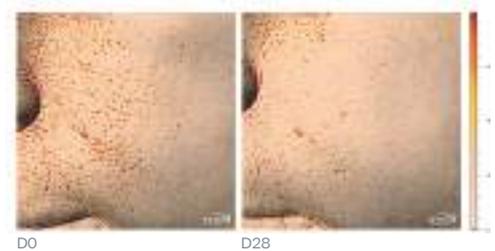

**+8%** brighter in 20 min<sup>1</sup>

**-30%** sebum with no rebound effect in 20 min<sup>1</sup>

**-12%** average area with pores<sup>2</sup>

Proven mattifying effect

Images detected and analysed with  
MIRAVEX ANTERA 3D®

# THE COOL RESCUE

Mist tonic that soothes and moisturises skin. Immediately refreshes even the most sensitive of skin.

Ophthalmologically and dermatologically tested on sensitive skin.

## PROPERTIES

Formulated with Hyaluronic Acid and Betaine for their moisturising effects, Panthenol for its anti-redness properties and gluco-oligosaccharide probiotics to balance the microbiota.

## RECOMMENDED FOR

- Skin prone to redness
- After medical-aesthetic procedures
- All skin types, even on the most sensitive, reactive, or irritated skin
- To instantly soothe and refresh the skin

## BENEFITS

- Soothes
- Moisturises
- Toning effect

**Product pH**

5 - 6

150ml

Hypoallergenic

Non-comedogenic

Tested on five heavy metals

## INGREDIENTS

### Hyaluronic Acid

- Moisturising effect

### Betaine

- Hygroscopic effect that helps to retain water

### Panthenol (Pro-Vitamin B5)

- Anti-redness effect

### Gluco-oligosaccharide probiotics

- Stimulates saprophytic growth, balancing the microbiota

### Thyme extract

- Anti-pollution effect

## EFFECTIVENESS TEST

**+20%** hydration in 28 days

**-17.4%** TWEL in 28 days<sup>1</sup>

Immediate soothing effect<sup>1</sup>

## COMPANION PRODUCTS

- Calm in Balm
- Gentle Cleansing [Mousse]
- Upgrade [AR]
- Photocorrection [AR 50+]

## APPLICATION

Spray from 10-15cm to the skin or pat on with a cotton pad.

For very sensitive reactive skin, reapply during the day as required.

1. Study carried out on 20 volunteers between the ages of 18 and 76 with normal, mixed, and oily skin, after a single product use.

# PURIFY BALANCING TONER

A purifying toner that minimises the appearance of pores, controls sebaceous secretion without producing a rebound effect, and moisturizes the skin.

Dermatologically tested on sensitive skin.

## PROPERTIES

Formulated with Hyaluronic Acid for its moisturising action, ZincPCA and Buchu Leaf extract for their sebum-regulating action, and Linseed extract and Witch Hazel water for their anti-redness effect.

## RECOMMENDED FOR

- Normal, oily, and acne-prone skin
- Skin with visible pores
- Shiny skin

## BENEFITS

- Reduces appearance of pores
- Toning effect
- Moisturises
- Balances the skin's pH

**Product pH**

5 - 6

200ml

Hypoallergenic

Non-comedogenic

Tested on five heavy metals

## INGREDIENTS

### Buchu Leaf extract

- Sebum control effect

### ZincPCA

- Helps to control sebum and strengthen the hydrolipidic barrier

### Hyaluronic Acid

- Moisturising effect

### Flax extract

- Rich in essential fatty acids to repair the barrier and help reduce redness

### Witch Hazel

- Helps to reduce redness

## COMPANION PRODUCTS

- Calm in Balm
- Purify Essential Cleanser
- Pure Age Perfection [Cicacne Serum]
- Photocorrection [Pure Age Perfection 50]

## APPLICATION

Apply a few drops to a cotton pad and gently dab or simply apply with your fingers.

For normal, mixed, and oily skin after cleansing.

1. Study carried out on 20 volunteers between the ages of 18 and 76 with normal, mixed, and oily skin, after a single product use.

## EFFECTIVENESS TEST

-7% average area with pores<sup>1</sup>

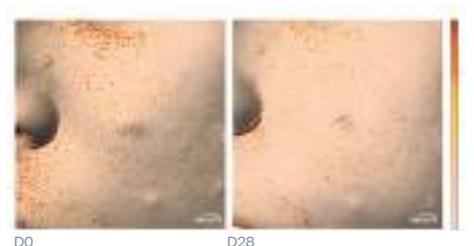

-9% sebum with no rebound effect in 20 min<sup>1</sup>

+12% hydration in 20 min<sup>1</sup>

+5% brighter in 20 min<sup>1</sup>

Proven mattifying effect

Images detected and analysed with  
MIRAVEX ANTERA 3D®

# RESURFACING BLACK PEEL

Microdermabrasion crystals physically exfoliate the skin. Suitable for sensitive skin. Helps to eliminate dead cells for an instantly brighter complexion, while renewing and correcting an uneven skin tone.

## PROPERTIES

Formulated with Charcoal for its purifying effect, Corundum particles for their exfoliating effect, Vitamin C for its antioxidant and illuminating properties, and Jojoba, Mimosa and Sunflower waxes for their softening action.

## RECOMMENDED FOR

- Skin with an irregular texture
- Dull skin
- Preparation for other cosmetic treatments
- Suitable for all skin types, including even the most sensitive of skin

## BENEFITS

- Stimulates cell renewal
- Revitalises
- Illuminates
- Oil control

50ml

Non-comedogenic  
Tested on five heavy metals

## INGREDIENTS

### Charcoal

- Helps to absorb excess sebum instantly

### Vitamin C

- Antioxidant and brightening effect

### Corundum particles

- Uneven microdermabrasion crystals exfoliate the skin

### Jojoba, Mimosa and Sunflower waxes

- Helps to reduce water loss

## EFFECTIVENESS TEST

**+13%** brighter in 20 min<sup>1</sup>

**-31%** sebum with no rebound effect in 20 min<sup>1</sup>

**+13%** hydration in 20 min<sup>1</sup>

Speeds up renewal of the stratum corneum

## COMPANION PRODUCTS

- Calm in Balm
- Purify Essential Cleanser
- Upgrade [AR]
- Photocorrection [AR 50+]

## APPLICATION

Once or twice weekly, apply a small amount and massage in gently.

1. Study carried out on 20 volunteers aged 19 to 76 years with normal, mixed, and oily skin.

# BI-PHASE MAKEUP REMOVER

Two-phase solution, one aqueous and one oily, which sweeps away impurities and easily removes makeup from eyes and lips with maximum skin and eye tolerance. Suitable for removing all types of make-up, even waterproof.

Ophthalmologically tested on people with sensitive eyes and contact lens wearers.

## PROPERTIES

Formulated using soothing and restructuring ingredients Alpha-Bisabolol and Betaine, combined with Bamboo Oil for a regenerative and restorative effect by stimulating collagen synthesis.

## DIRECTIONS FOR USE

- For all types of eye contours, even the most sensitive and reactive
- Recommended for use on the eyelid and lip areas

## BENEFITS

- Cleanses
- Removes waterproof makeup
- Softens skin

**Iso-tear pH**  
150ml.

Hypoallergenic  
Non comedogenic  
Tested on five heavy metals

## INGREDIENTS

### **SURFACTANT FREE. EMOLLIENT BLEND:**

Specifically selected ingredients for their excellent skin tolerance, that thoroughly cleanse the skin of all impurities and any traces of makeup

#### **Alpha-Bisabolol**

- Soothes and softens the skin

#### **Betaine**

- Restructuring effect

## COMPLEMENTARY PRODUCTS

- Calm in Balm
- Micellar Water [AR]
- Upgrade [High Potency Serum]
- Photocorrection [AR 50+]

## APPLICATION

Shake well before use to mix the two solutions, apply to a cotton pad and sweep over the eyelids and lips to remove makeup and impurities.

NO RINSE

# PALPEBRAL RELIEF [ECZ]

Emulsion texture formula with a 2-in-1 effect: makeup remover and treatment for sensitive, irritated, and eczema-prone eyelids.

Ophthalmologically and dermatologically tested on sensitive and eczema-prone skin.

## PROPERTIES

Contains Babassu Oil for its antioxidant effect, Chamomile for its anti-inflammatory and soothing power, Liquorice Extract for its anti-redness effect, Shea Butter as a moisturiser and regenerator and Sweet Almond Oil for a softening and moisturising effect.

## DIRECTIONS FOR USE

- Dry, sensitive, reactive, and irritated eyelids and eye contour area

## BENEFITS

- Removes makeup
- Relieves itching
- Moisturises
- Soothes and reduces redness
- Antioxidant

**Iso-tear pH**  
100ml.

Hypoallergenic  
Non comedogenic  
Tested on five heavy metals

## INGREDIENTS

### Babassu Oil

- Rich in fatty acids, it restores the hydrolipidic barrier

### Chamomile

- Anti-inflammatory and soothing action

### Liquorice Extract

- Anti-redness effect

### Shea butter

- Rich in vitamins A, D, E and F, essential fatty acids with moisturising and regenerating properties

## EFFICACY TEST

**+60%** hydration in 20 min<sup>1</sup>

**-12.2%** TEWL in 20 min<sup>1</sup>

**-1.4%** redness reduction in 20 min<sup>1</sup>

Removes waterproof makeup

## COMPLEMENTARY PRODUCTS

- Calm in Balm
- Micellar Water [AR]
- Upgrade [AR]
- Photocorrection [AR 50+]

## APPLICATION

### AS A MAKEUP REMOVER:

Apply using a cotton pad on the closed eye, leaving to work for a few minutes to remove makeup, then wipe towards the temples without rubbing.

### AS A TREATMENT:

For use as a daily treatment, apply to clean, dry eyelids without rubbing. Do not rinse.

1. Study carried out on 20 volunteers after using the product.

Material for healthcare professionals

# AZELAIC [PEEL]

Gelified lotion that sebum-regulates, lightens blemishes and reduces redness of all types of sensitive skin.

Tested on oily, acne-prone, hyperpigmented and rosacea-prone skin.

## CHARACTERISTICS

Lotion formulated with Azeloglycine, for its sebum-regulating and depigmenting action, Tranexamic Acid, which helps to reduce dark spots, CM-Naringenin Chalcone, for its anti-redness action, and Probiotics to maintain the balance of the microbiota.

## INDICATIONS

- Sensitive, oily and acne-prone skins
- Hyperpigmented skin: Phototypes II-IV
- Skin prone to rosacea
- Maximizing results specific routines

## BENEFITS

- Seborregulates
- Lightens Dark Spots
- Reduces Redness
- Diminishes Wrinkles
- Gently exfoliates the skin

**pH Product**

7,0-8,0

100 ml.

Hypoallergenic

Non comedogenic

Tested on 5 heavy metals

Material for healthcare professionals

## INGREDIENTS

### 0,5% Tranexamic Acid

- Prevents melanin synthesis (Phase I) and improves the vascular component in melasma.

### 3% Azelogyline

- Brightens and sebum-regulates

### CM-Naringenin Chalcone

- Anti-redness

### Prebiótico

- Maintains microbiota balance

## COMPLEMENTARY PRODUCTS

- Upgrade [AR]
- Skin D-Pigment [ATX B3 Serum]
- Pure Age Perfection [Cicacne Serum]
- Photocorrection [AR 50+]

## APPLICATION

After cleansing, apply a pump of product with light touches on clean and dry skin, with clean hands or with an impregnated cotton pad.

It can be applied in the day and night routine.

## EFFICACY TEST

**-25%** dark spots in 28 days<sup>1</sup>

**+14%** Sebum in 28 days<sup>1</sup>

**-8%** Redness in 28 days<sup>1</sup>

1. Clinical study conducted on 30 male and female volunteers between 26 and 69 years old with phototype II, III and IV, including melasma/rosacea, combination and oily skin with old signs of acne, in 28 days.

Material for health professionals

# HYDRA ESSENCE [SORBET-GEL]

Ultra-moisturising sorbet gel that soothes and protects the skin, providing immediate, long-lasting comfort.

## PROPERTIES

Ultra-moisturising sorbet gel formulated with moisturising Hyaluronic Acid and Pomegranate Extract, soothing Centella Asiatica Extract, and aqueous Shea Butter Extract to maintain the skin's barrier function.

## RECOMMENDED FOR

- Combination-oily skin
- Dehydrated skin
- Burning and itchy skin
- For skin of all ages

## BENEFITS

- Moisture boost
- Improves the skin barrier function
- Reduces redness

**Product pH**

5 - 6

40 ml.

Hypoallergenic

Non-comedogenic

Material for health professionals

---

## INGREDIENTS

### Hyaluronic Acid

- Reduces water evaporation and boost hydration

### Pomegranate Extract

- Stimulates hyaluronic acid synthesis and improves aquaporin synthesis (AQP3)

### Centella Asiatica Extract

- High content of asiaticosides with a soothing effect

### Aqueous Extraction of Shea Butter

- Improves the skin barrier function

## EFFICACY TEST

**+42%** hydration<sup>1</sup>

**-10%** TEWL<sup>1</sup>

Soothing effect after 5 seconds<sup>1</sup>

# SUPREME [BOOSTER FeCE]

Ultra-light texture serum with super power antioxidant, anti-pollution and illuminator for protecting sensitive skin.

## PROPERTIES

The serum is formulated with active antioxidants that work in synergy: Ferulic acid (0.5%), stabilised vitamin C (5%) and vitamin E (0.5%). They work together with Moringa oleifera to provide an anti-pollution effect, and hyaluronic acid which improves the hydration and elasticity of skin.

## USE

- Prevents the signs of premature ageing
- Basic daily protection
- Slight loss of luminosity
- All skin types

## BENEFITS

- Antioxidant
- Anti-pollution
- Reduces the signs of ageing
- Helps to reduce redness
- Increases hydration and elasticity

**pH of product**  
4,6-5,6  
30 ml.

Non-comedogenic  
Tested on 5 heavy metals

## INGREDIENTS

### Ferulic acid (0.5%)

- Antioxidant and depigmenter

### Vitamin C (ascorbyl glucoside) (5%)

- Powerful antioxidant

### Vitamin E (tocopherol acetate) (0.5%)

- Antioxidant and moisturiser

### Moringa Olifeira

- Anti-pollution and protection

### Ginkgo Biloba

- Reduces redness

### Hyaluronic acid

- Decreases water loss

## EFFICACY STUDY

**-35%** ROS reduction in 1 month<sup>1</sup>

**+9%** of instant luminosity<sup>1</sup>

Reduces appearance of the signs of ageing:

**-33%** in the number of wrinkles in 1 month<sup>1</sup>

**-32%** in the surface of wrinkles in 1 month<sup>1</sup>

**-34%** in the length of wrinkles in 1 month<sup>1</sup>

**-35%** erythema in 30 mins.<sup>1</sup>

**+32%** hydration in 1 month<sup>1</sup>

**+20%** elasticity in 1 month<sup>1</sup>

Anti-pollution activity<sup>2</sup>

## COMPLEMENTARY PRODUCTS

- Purify Essential Cleanser
- Upgrade [AR]
- Water Ultra Fluid 50+
- Supreme [Night Cream]

## APPLICATION

Apply three or four drops in the morning.

1. Studies were carried out on 20 volunteers over 28 days of using the product.

2. In vitro test of the protective activity against atmospheric pollution, cigarette smoke and UV rays.

# SUPREME [DAY CREAM SPF15]

Rich antioxidant and renewing cream that improves the elasticity and firmness of the skin, while providing a moisturising effect.

## PROPERTIES

Day cream formulated with Moringa oleifera with an antioxidant and protective action against environmental pollution, red rice extract for its firming power and hyaluronic acid for its moisturising power.

## RECOMMENDED FOR

- Expression lines
- Normal to dry skin
- Minimalist routines
- Skin affected by environmental pollution

## BENEFITS

- Improves skin elasticity
- Improves the firmness of the skin
- Moisturising effect
- Antioxidant

### Product pH

5.5-6.5

40 ml.

Hypoallergenic

Non-comedogenic

Tested for five heavy metals

## INGREDIENTS

### Moringa oleifera

- Facilitates the elimination of environmental pollutants

### Hyaluronic acid

- Moisturising action, improves the elasticity and firmness of the skin

### Red Rice Extract

- Collagen synthesis, elasticity, firmness and skin tone

## EFFECTIVENESS TEST

**+35%** hydration in 28 days<sup>1</sup>

**+28%** elasticity in 28 days<sup>2</sup>

**+29%** firmness in 28 days<sup>2</sup>

**-37%** roughness in 28 days<sup>3</sup>

Antioxidant action<sup>4</sup>

Speeds up renewal of the stratum corneum<sup>1</sup>

## COMPANION PRODUCTS

- Calm in Balm
- Supreme [Booster FeCe]
- Supreme [Night Cream]
- Photocorrection [AR 50+]

## APPLICATION

Apply a small amount in the morning.

1. Study carried out on 20 volunteers, results after 28 days of use, measured using a CM 280 model Corneometer.

2. Study carried out on 20 volunteers, results after 28 days of use, measured using a SEM 575 Cutometer.

3. Study carried out on 20 volunteers, results after 28 days of use, measured using a Siflo TM.

4. In vitro test

# SUPREME [NIGHT CREAM]

Antioxidant and renewing cream-gel that helps to repair the skin during the night from the damage it has suffered, while also stimulating collagen synthesis.

## PROPERTIES

Cream-gel formulated with a tripeptide encapsulated in liposomes for its regenerating power, hyaluronic acid for its moisturising power and Chondrus crispus extract for its antioxidant action and tissue repair action.

## RECOMMENDED FOR

- Expression lines
- Incipient flaccidity
- Dull tone
- All skin types
- Skin affected by environmental pollution

## BENEFITS

- Improves cell renewal
- Decreases expression lines and reduces flaccidity.
- Improves tone
- Antioxidant

### Product pH

5.5 - 6.5

50 ml.

Hypoallergenic

Non-comedogenic

Tested for five heavy metals

## INGREDIENTS

### Tripeptide encapsulated in liposomes

- Activates cell regeneration. Reduces wrinkles

### Hyaluronic acid

- Moisturising action, improves the elasticity and firmness of the skin

### Chondrus crispus extract

- Antioxidant and energising action.
- Increases fibroblast synthesis and tissue repair

## EFFECTIVENESS TEST

**-32%** collagen synthesis in 48 hours<sup>1</sup>

**+35%** ROS in 48 days<sup>1</sup>

**+29%** skin roughness<sup>1</sup>

**+100%** exfoliation-renewal in 12 days<sup>2</sup>

**+15%** exfoliation-renewal rate<sup>2</sup>

**-42%** melanin index<sup>2</sup>

**-16%** TEWL<sup>3</sup>

## COMPANION PRODUCTS

- Calm in Balm
- Supreme [Booster FeCe]
- SUPREME [DAY CREAM SPF15]
- Photocorrection [AR 50+]

## APPLICATION

Apply a small amount at night.

1. In vitro test

2. Study carried out on 20 volunteers, results after 12 days, measured using a chromameter (Mexameter TM).

3. Study carried out on 15 volunteers, result after 28 days, measured using an evaporimeter (Tewameter®)

# SUPREME [EYES]

Fluid emulsion with excellent coverage formulated to smooth and fill wrinkles around the eyes, while moisturising and reducing dark circles.

## PROPERTIES

Eye contour formulated with hibiscus extract for an antioxidant and decongestant action, hyaluronic acid microspheres for lifting action in the short to medium term and mimetic tripeptide to reduce wrinkles in the long term.

## RECOMMENDED FOR

- First expression lines
- Dehydrated eye contour
- Dark under-eye circles
- All skin types

**Product pH**

6.5 - 7.5

20 ml

Non-comedogenic

Tested for five heavy metals

## BENEFITS

- Smooths and fills wrinkles
- Reduces pigmentation in dark circles
- Moisturises the eye contour
- Antioxidant

## INGREDIENTS

### Hyaluronic Acid Microspheres

- Hygroscopic action and lifting effect

### Hibiscus Extract

- Antioxidant, decongestant and calming action

### Tripeptide Mimetic (Tropidolaemus wagleri)

- “Botox-Like” action: visibly reduces expression lines

### Red Rice Extract

- Collagen synthesis, elasticity, firmness and skin tone

## EFFECTIVENESS TEST

**+43%** hydration in 28 days<sup>2</sup>

**-16%** dark circles in 28 days<sup>1</sup>

**-8%** roughness after 5 mins<sup>3</sup>

**-20%** roughness after 8 hours<sup>3</sup>

**-30%** roughness in 28 days<sup>4</sup>

Antioxidant action<sup>5</sup>

## COMPANION PRODUCTS

- Calm in Balm
- Supreme [Booster FeCe]
- Supreme [Night]
- Photocorrection [AR 50+]

## APPLICATION

Apply a small amount of product to the eye contour from the outside to the inside.

1. Study carried out on 15 volunteers, results after 28 days, measured using a Mexameter®
2. Study carried out on 15 volunteers, result after 28 days, measured using a Siflo®
3. Study carried out on 11 volunteers, result after 8 hours, measured using a 3D Primos® Compact
4. Study carried out on 15 volunteers, results after 28 days, measured using a CM 280® corneometer.
5. In vitro test

# SKIN GLOW [BEYOND C SERUM]

Serum with an ultra-light texture that reactivates the luminosity of tired, stressed, or fatigued skin. It increases cell vitality, provides instant and long-lasting luminosity and hydration and stimulates collagen synthesis to prevent premature skin aging.

## FEATURES

Serum formulated with a multivitamin cocktail based on 15% stabilized vitamin C, folic acid, and panthenol for their antioxidant power and brightening effect, low molecular weight hyaluronic acid for its moisturizing effect, 3 minerals, and revitalizing complex for their firming power and dipotassium glycyrrhizinate for its soothing effect.

## INDICATIONS

- Apparent age of +35
- All skin types
- Dull skin
- Dehydrated skin
- Prevents the signs of aging

## BENEFITS

- Illuminates
- Hydrates
- Stimulates collagen formation
- Antioxidant and anti-pollution action
- Increases the autophagy system

**Product pH**  
5.0–5.5  
30 mL.

Noncomedogenic  
Tested for 5 heavy metals  
Tested post-medical/cosmetic procedure

## INGREDIENTS

### Hydrolyzed $\alpha$ -glucan extract (Revitalizing Complex)

- Stimulates the autophagy system

### 15% stabilized vitamin C (ethyl ascorbic acid)

- Antioxidant
- Illuminates
- Stimulates collagen
- Inhibits melanin synthesis

### 1.5% azelogyline

- Illuminates

### Low MW hyaluronic acid

- Intensely moisturizing

### Dipotassium glycyrrhizinate

- Soothing action

### Minerals (Zinc, Copper and Magnesium)

- Cofactors for collagen synthesis

## EFFECTIVENESS TEST

**+174%** activation of autophagy (LC3-II)<sup>1</sup>

**+78%** collagen synthesis<sup>1</sup>

**+11%** immediate luminosity<sup>2</sup>

**+36%** immediate hydration<sup>2</sup>

Antioxidant action<sup>4</sup>

Anti-pollution action<sup>4</sup>

### Improves brightness and skin tone

## SUPPLEMENTARY PRODUCTS

- Calm in Balm
- Skin Glow [K Eyes]
- Skin Glow [Juicy Cream]
- Photocorrection [HA 50+]

## APPLICATION

In the morning, apply 3 drops of product to the face, neck, and décolleté.

1. 48-hour in vitro test.

2. Instrumental assessment in 20 male and female volunteers aged 21-65 years with dry, combination, and oily skin.

3. Instrumental assessment in 20 male and female volunteers aged 28-45 years with dry, normal, combination, and oily skin for 28 days.

4. In vitro test.

# SKIN GLOW [JUICY CREAM]

Moisturizing fondant cream for immediate luminosity that reactivates the glow of even the dullest skin.

## FEATURES

Cream formulated with Vitamin F, which regenerates the barrier function, low molecular weight hyaluronic acid for its moisturizing action, panthenol for its soothing effect, Niacinamide and 2 pearlescent soft focus pigments for their brightening action.

## INDICATIONS

- Apparent age of +35
- Normal-to-dry skin
- Dull skin
- Dehydrated skin

## BENEFITS

- Improves the barrier function
- Hydrates
- Illuminates
- Antioxidant action
- Increases the autophagy system

**Product pH**

-  
50 mL.

Hypoallergenic  
Noncomedogenic  
Tested for 5 heavy metals

## INGREDIENTS

### Hydrolyzed $\alpha$ -glucan extract (Revitalizing Complex)

- Stimulates the autophagy system

### Vitamin F

- Boosts the skin's barrier function

### Niacinamide

- Antioxidant
- Illuminates

### Low MW hyaluronic acid

- Intensely moisturizing

### Panthenol

- Soothing, anti-redness effect

## EFFECTIVENESS TEST

**+41%** immediate hydration<sup>1</sup>

**+18%** immediate luminosity<sup>2</sup>

**-11%** TEWL after 28 days<sup>2</sup>

Antioxidant action<sup>3</sup>

## SUPPLEMENTARY PRODUCTS

- Calm in Balm
- Skin Glow [Beyond C Serum]
- Skin Glow [K Eyes]
- Photocorrection [HA 50+]

## APPLICATION

In the morning, apply one pump of product to the face, neck, and chin with a gentle massage.

1. Instrumental assessment in 20 female volunteers aged 21-74 years with dry, normal, oily skin.  
2. Instrumental assessment in 20 female volunteers aged 21-62 years with dry, normal, combination, and oily skin.  
3. In vitro test.

# SKIN GLOW [K EYES]

Emulsion with beige brightening pigments for an intensive corrective treatment that helps combat fatigue in the eye contour area. Instantly boosts luminosity, improves vascular and pigmented dark circles, and provides immediate hydration.

## FEATURES

Formulated with liposomal vitamin K oxide to correct the color of vascular dark circles, niacinamide to brighten pigmented dark circles, hyaluronic acid elastomer to improve hydration, and caffeine for a draining action.

## INDICATIONS

- Apparent age of +35
- Dull skin
- Vascular dark circles
- Pigmented dark circles
- All skin types

## BENEFITS

- Reduces the dark color of under-eye circles
- Illuminates
- Hydrates
- Antioxidant
- Anti-pollution
- Prevents the signs of aging

**Product pH**

-  
15 mL.

Hypoallergenic  
Noncomedogenic  
Tested for 5 heavy metals  
Ophthalmologically tested

## INGREDIENTS

### Hydrolyzed $\alpha$ -glucan extract (Revitalizing Complex)

- Stimulates the autophagy system

### Liposomal Vitamin K (0.15%)

- Procoagulant action, reduces purple hues

### Niacinamide

- Decreases melanin transfer

### Hyaluronic acid elastomer

- Provides continuous microdeposits of water.

### Caffeine

- Activates microcirculation in the eye contour area

## EFFECTIVENESS TEST

**+30%** improves the color of dark circles<sup>1</sup>

**+31%** immediate luminosity<sup>2</sup>

**+26%** immediate hydration<sup>2</sup>

**+13%** antioxidant<sup>3</sup>

**+20%** anti-pollution<sup>3</sup>

**+192%** activation of autophagy [LC3-II]<sup>3</sup>

### Improves the color of dark circles

## UPGRADE [AR]

A refreshing sorbet cream that reaffirms sensitive and sensitised skin instantly, as well as for the mid and long term, which corrects wrinkles and soothes redness.

### PROPERTIES

This sorbet cream is formulated and tested with Oat Polysaccharides and Red Rice Extract for their reaffirming power, CM-Naringenin Chalcone for its anti-redness effect and Ginkgo Biloba for its soothing effect.

### USE

- Apparent age 45+
  - Expression lines
  - Incipient flaccidity
  - Dull tone
- Burning sensation or itchy skin
- During the retinisation process
- As a complement for professional cosmetic treatments that generate sensitivity
- Skin with combination/oily tendency
- Skin with rednes

### BENEFITS

- Increases firmness
- Reduces wrinkles
- Reduces redness
- Reduces skin temperature
- Increases hydration

#### pH of product

5-6

50 ml.

Hypoallergenic

Non-comedogenic

Tested on 5 heavy metals

Tested after cosmetic medical post-procedure

## INGREDIENTS

### Red Rice Extract

- Synthesis of collagen, elastin, firmness and skin tone

### Oat Polysaccharides

- Instant skin tensors

### CM-Naringenin Chalcone

- Anti-redness

### Ginkgo Biloba

- Soothing and antioxidant

## COMPLEMENTARY PRODUCTS

- Calm in Balm
- Upgrade [High Potency Serum]
- Photocorrection [AR 50+]
- Eternalist A.G.E. [Retinol]

## APPLICATION

Apply a small amount during the morning or at night.

## EFFICACY STUDY

**-3°C** of temperature in 1 min.<sup>1</sup>

**+15%** firmness in 15 minutes<sup>1</sup>

**+22%** firmness in 28 days<sup>1</sup>

**-43%** wrinkles in 28 days<sup>1</sup>

**-40%** wrinkle surface in 28 days<sup>1</sup>

**-18%** redness in 1 hour<sup>1</sup>

**+30%** hydration in 28 days<sup>1</sup>

Helps to recover sensitised skin in 2 days<sup>2</sup>.

**-13.9%** reduction of erythema

**+34.8%** hydration

**-28.5%** reduction of TEWL

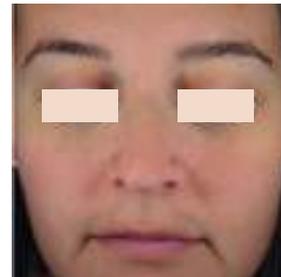

Immediate post peeling

30 minutes

2 days

1. Studies carried out on 20 volunteers aged between 40 and 60 with sensitive skin and redness.

2. A study carried out on 20 volunteers with results after 2 days of a cosmetic medical procedure together with ORIGIN PRO (ampoules).

Material for healthcare professionals

# UPGRADE [HIGH POTENCY SERUM]

This serum-gel texture with non-sticky finish redensifies, reaffirms and reduces flaccidity while visibly softening wrinkles.

## PROPERTIES

The first serum formulated with hydrolyzed hyaluronic acid for its hydrating effect, snow saffron extract for its anti-ageing power, soy extract and red rice extract for their reaffirming effect.

## USE

- Apparent age 45+
  - Expression lines
  - Incipient flaccidity
  - Dull tone
- Combination/oily skin
- Flaccid and dehydrated skin
- For skin of all ages

## BENEFITS

- Reduces wrinkles
- Reaffirms and redensifies
- Moisturises
- Redefines the facial oval

**pH of product**  
5.5-6.5  
30 ml.

Hypoallergenic  
Non-comedogenic

# UPGRADE [DAY CREAM]

A dense and rich emulsion that is easy to spread and quickly absorbed, allowing an immediate lifting effect and perfect smoothing.

## PROPERTIES

Thanks to its powerful combination of state-of-the-art active ingredients that act specifically on the extracellular matrix, it exerts a redensifying, firming, remodelling and anti-wrinkle action on the dermis, resulting in a spectacular improvement in skin tone and firmness, remodelling the face and rejuvenating the features.

## RECOMMENDED FOR

- Apparent age >45 years
  - Expression lines
  - Incipient flaccidity
  - Dull tone
- Mixed/greasy skin
- Flabby and dehydrated skin
- For skin of all ages

## BENEFITS

- Reduces wrinkles
- Redensifies and reaffirms
- Improves tone and firmness
- Moisturises
- Light and creamy texture

### Product pH

5 - 6

50 ml.

Hypoallergenic

Non-comedogenic

Tested for five heavy metals

## INGREDIENTS

### Soy extract

- Redensifying, firming and remodelling action

### Red rice meristem extract

- Anti-wrinkle action

### Vitamin E

- Antioxidant effect

### Oat extract

- Immediate calming action.

## EFFECTIVENESS TEST

**+27%** Increase in firmness<sup>1</sup>

**-21%** Double chin reduction<sup>1</sup>

**-35%** Wrinkle reduction<sup>1</sup>

**+32%** Increased hydration<sup>1</sup>

---

## COMPANION PRODUCTS

- Purify Essential Cleanser
- Upgrade [EYES]
- Photocorrection [AR 50+]
- Upgrade [Night Cream]

---

## APPLICATION

Apply to face, neck and décolleté in the morning with upward movements on the face and facial oval and downward movements on the neck, chin and “double chin”.

# UPGRADE [NIGHT CREAM]

Easy to spread cream with a rich but non-greasy texture that firms, reshapes, reduces wrinkles and enhances skin renewal over night.

## PROPERTIES

Powerful combination of active ingredients that have a redensifying action due to bakuchiol that promotes collagen synthesis, firming due to red rice extract, remodelling and anti-wrinkle action that translates into a visible improvement in skin tone and firmness, remodelling of the face and rejuvenation of the features, thanks to its oat polysaccharides. The presence of a circadian rhythm resynchroniser reinforces its nocturnal action, making the skin more hydrated, fresh, rested and with a more radiant and homogeneous tone upon awakening.

## RECOMMENDED FOR

- Apparent age >45 years
  - Expression lines
  - Incipient flaccidity
  - Dull tone
- Mixed/greasy skin
- Flabby and dehydrated skin
- For skin of all ages

## BENEFITS

- Reduces wrinkles
- Light and creamy texture
- Moisturises
- Improves tone and firmness

50 ml.

Hypoallergenic

Non-comedogenic

Tested for five heavy metals

## INGREDIENTS

### Soy extract and bakuchiol

- Redensifying, firming and remodelling action

### Red rice extract

- Immediate anti-fatigue and anti-wrinkle action

### Vitamin E

- Antioxidant effect

### Lespedeza capitata extract

- Moisturising and detoxifying action
- 

## COMPANION PRODUCTS

- Purify Essential Cleanser
  - Upgrade [DAY CREAM]
  - Upgrade [EYES]
  - Photocorrection [AR 50+]
- 

## APPLICATION

Apply to face, neck and décolletage at night with upward movements on the face and facial oval and downward movements on the neck, chin and “double chin”.

Clinical study carried out on 20 volunteers, results after 28 days of using the product using Cutometer, Elastimeter, moisture meter.

---

## EFFECTIVENESS TEST

Reduces the length of wrinkles by **35%** in 28 days.

Reduces the number of wrinkles by **25%** in 28 days.

Increases elasticity by **30%** in 28 days.

Increases firmness by **19%** in 28 days.

Increases hydration by **37%** in 28 days.

Reduces double chin by **26%** in 28 days.

Material for healthcare professionals

## UPGRADE [EYES]

Emulsion with a creamy texture and excellent coverage, formulated with a combination of repairing, anti-wrinkle and detoxifying active ingredients that are fully compatible with the eye contour area, which soften wrinkles and expression lines, contributing to the reduction of puffiness and dark circles.

### PROPERTIES

Thanks to its powerful combination of state-of-the-art active ingredients that act specifically on the extracellular matrix, it exerts a redensifying, firming, remodelling and anti-wrinkle action on the dermis, resulting in a spectacular improvement in skin tone and firmness, thanks to the soy extract, and remodelling of the face and rejuvenation of the features due to the oat extract

### RECOMMENDED FOR

- Apparent age >45 years
  - Expression lines
  - Incipient flaccidity
  - Dull tone
- Mixed/greasy skin
- Flabby and dehydrated skin
- For skin of all ages

### BENEFITS

- Reduces wrinkles
- Reduces under-eye puffiness and dark circles
- Light and creamy texture
- Moisturises
- Improves tone and firmness

#### Product pH

6.5 - 7

15 ml.

Hypoallergenic

Non-comedogenic

Tested for five heavy metals

## INGREDIENTS

### Soy extract

- Redensifying, firming and remodelling action

### Oat extract

- Immediate anti-fatigue and anti-wrinkle action

### Caffeine

- Detoxifying action

### Hamamelis virginiana (Witch Hazel) leaf water

- Action on puffiness and dark circles

## EFFECTIVENESS TEST

**+72%** Increase in eyelid firmness<sup>1</sup>

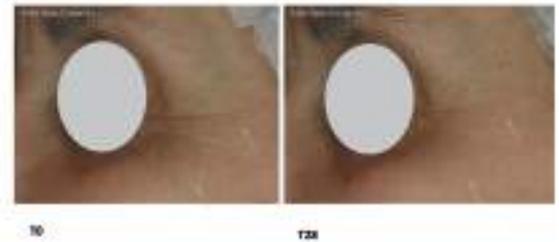

**-32%** Reduction in visible wrinkles<sup>2</sup>

**-52%** Decrease in flaccidity of the eyelid<sup>1</sup>

**-52%** Decrease in appearance of dark circles<sup>1</sup>

**-48%** Decrease in appearance of eye puffiness<sup>1</sup>

Visible reduction of wrinkles in the eye contour area after applying the product twice a day for 28 days.

## COMPANION PRODUCTS

- Purify Essential Cleanser
- Upgrade [AR]
- Photocorrection [AR 50+]
- Upgrade [Night Cream]

## APPLICATION

Apply twice a day, morning and night, on the eye contour, performing a light massage to aid its absorption.

Clinical study conducted on 25 volunteers. Using the products twice a day for 28 days. Fatigue has been evaluated using the "fatigue index", dark circles measured using a Mexameter MX28, wrinkles and dark circles using a VisionFace Quick.

1. Percentage of volunteers presenting an improvement in the evaluated parameter.
2. Percentage of panelists who observed a reduction in visible wrinkles.

Material for healthcare professionals

# ETERNALIST A.G.E. [AI SERUM]

A light texture redensifying serum with anti-glycation and anti-inflammaging activity that improves the overall condition of skin and helps to reduce redness.

Tested on skin prone to Type 1 rosacea.

## PROPERTIES

The first serum formulated with Manilkara extract for its anti-glycation power, white lupin extract as a redensifier, diosmin due to its anti-inflammatory and venotonic effect, growth factors for repairing, reducing and remodelling wrinkles, and camellia oil as a moisturiser.

## USE

- Apparent age 45+
  - Static wrinkles
  - Thin skin (loss of thickness)
  - Loss of firmness and facial volume
- Perimenopause
- All skin types
- Skin prone to Type 1 rosacea

## BENEFITS

- Anti-glycation and anti-inflammaging effect
- Redensifies and remodels
- Smooths out and corrects wrinkles
- Reduces reddening of skin
- Regenerates skin
- Moisturises

All Sensilis products contain allergen-free perfumes.  
Dermatologically tested on sensitive skin, and skin prone to rosacea.

**pH of product**  
5-6  
30 ml.

Hypoallergenic  
Non-comedogenic  
Tested on 5 heavy metals

Apply three or four drops in the morning and at night.

1. In vitro test.

2. An instrumental evaluation was carried out on 40 volunteers between the ages of 33 to 70 with rosacea, erythema and/or sensitive skin. At 2 months.

3. An instrumental evaluation was carried out on 40 volunteers between the ages of 33 to 70 with rosacea, erythema and/or sensitive skin. At 2 hours.

---

# ETERNALIST [DAY CREAM]

Anti-glycation cream for mature or dry skin, with a pleasant texture and excellent coverage, specially formulated to protect the skin from daily external irritants. Moisturises, nourishes, repairs and regenerates skin cells, helping to delay the ageing process.

## PROPERTIES

Formulated with manilkara extract, for its anti-glycation power; Lupinus albus extract, as a redensifier; isomerated saccharide, for its moisturising and repairing action; growth factors to regenerate, reduce and remodel wrinkles; and camellia oil, to moisturise and maintain the skin's barrier function.

## RECOMMENDED FOR

- Apparent age >45 years
  - Visible wrinkles at rest
  - Thin skin (loss of thickness)
  - Loss of firmness and facial volume
- Perimenopause
- All skin types

## BENEFITS

- Anti-glycation and anti-inflammatory action
- Redensifies and remodels
- Smoothes and corrects wrinkles
- Reduces skin redness
- Regenerates the skin
- Moisturises

### Product pH

6 - 6.5

50 ml.

Hypoallergenic

Non-comedogenic

Tested for five heavy metals

## INGREDIENTS

### Isomerated saccharide

- Moisturising and repairing action

### Lupinus albus seed extract

- Remodelling, firming and anti-ageing action

### Manilkara multinervis extract

- Antiglycation / anti-elastase action

### Growth factor

- Regenerative / nourishing / restructuring action

### Camellia oil

- Maintains the skin's barrier function and moisturising action

## EFFECTIVENESS TEST

Increases cell regeneration and the formation of collagen and elastin.

Antiglycation.

**-19%** Reduction in wrinkles

**+13%** Radiance

**Reduces TEWL by 14%**

Photographic evidence of anti-ageing efficacy after **one month** of using **ETERNALIST A.G.E. [DAY CREAM]**

## COMPANION PRODUCTS

- Gentle Cleansing Mousse
- Eternalist [EYES]
- Photocorrection [AR 50+]
- Eternalist A.G.E [Retinol]

## APPLICATION

Apply every morning, on clean and dry skin, performing a gentle massage to aid absorption.

Material for healthcare professionals

## ETERNALIST A.G.E. [EYES]

This easy to spread balm acts as an advanced revitaliser and anti-wrinkle application that corrects and reduces eye bags and dark circles while reaffirming flaccid eyelids.

### PROPERTIES

This complex is formulated and tested with redensifying white lupin extract, Manilkara extract for its anti-glycation power, caffeine to promote microcirculation, essential fatty acids to slow down the effects of ageing, and allantoin for its regenerative and soothing effect.

### USE

- Vascular dark circles
- For dryness or tightness
- Advanced ageing
- All skin types

### BENEFITS

- Repairs, moisturises and nourishes
- Tightens skin around the eyes
- Reduces wrinkles, eye bags and dark circles
- Reduces expression lines and “crow’s feet”

#### pH of product

6.5-7.5  
30 ml.

Hypoallergenic

Non-comedogenic

Tested on 5 heavy metals

Material for healthcare professionals

## INGREDIENTS

### White lupin extract (collagen booster)

- Improves collagen synthesis

### Malinkara extract (anti-glycation complex)

- Reduces production of AGEs

### Caffeine

- Activates microcirculation around the eye

### Essential fatty acids

- Strengthens skin barrier function

### Allantoin

- Soothes and regenerates

## EFFICACY STUDY

### Anti-glycation<sup>1</sup>

-15.4% depth of wrinkles in 28 days<sup>2</sup>

-26% eye bags in 28 days<sup>2</sup>

-25.5% dark circles in 28 days<sup>2</sup>

+35% firmness in 28 days<sup>2</sup>

+20% hydration in 28 days<sup>2</sup>

+44% elasticity in 28 days<sup>2</sup>

-23% "crow's feet" in 28 days<sup>2</sup>

## COMPLEMENTARY PRODUCTS

- Gentle Cleansing Mousse
- Eternalist A.G.E. [Day Cream]
- Photocorrection [AR 50+]
- Upgrade [Night Cream]

## APPLICATION

Apply a small amount of the product on the skin around the eyes from the exterior to the interior.

Includes a cryogenic applicator.

1. In vitro test.

2. 28-day clinical evaluation on 20 volunteers aged over 40 with normal skin.

3. 28-day clinical evaluation on 20 volunteers aged between 50-70 with dry and sensitive skin.

Material for healthcare professionals

# ETERNALIST A.G.E. [RETINOL]

This quick-absorbing jelly texture cream redensifies, retextures, illuminates and improves the overall condition of sensitive skin prone to redness.

Tested on skin prone to rosacea.

## PROPERTIES

The first cream formulated with Liposomal Retinyl Palmitate for its transforming and wrinkle reduction effect, Manilkara Extract for its anti-glycation power, White Lupin Extract as a redensifier, Niacinamide for repairing the skin barrier function and High and Low Molecular Weight Hyaluronic Acid for filling and reducing transepidermal water loss.

## USE

- All skin types, age 35+
- Retinol initiation
- For periods without pure retinol
- Wrinkled skin
- Sensitive skin with redness

## BENEFITS

- Improves the overall condition of skin
- Reduces wrinkles and redensifies
- Helps to reduce erythema
- Anti-glycation effect
- Repairs skin barrier function

All Sensilis products contain allergen-free perfumes.  
Dermatologically tested on sensitive skin prone to rosacea.

### pH of product

5.5-6.5  
50 ml.

Non-comedogenic  
Tested on 5 heavy metals

## INGREDIENTS

### Liposomal Retinyl Palmitate (7%)

- Activates cell renovation
- Reduces wrinkles

### Malinkara Extract (anti-glycation complex)

- Reduces production of AGEs

### White Lupin Extract (collagen booster)

- Improves collagen synthesis

### Niacinamide (1%)

- Strengthens skin barrier function

### Hyaluronic Acid HMW and LMW (0.2%)

- Filler effect and reduces TEWL

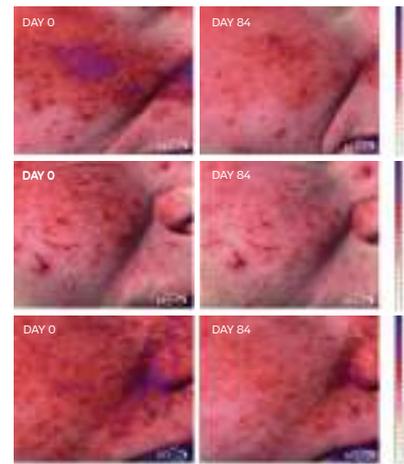

## EFFICACY STUDY

**+48%** regeneration in 48 hours<sup>1</sup>

**+16%** collagen synthesis in 48 hours<sup>1</sup>

**+17%** elastin synthesis in 48 hours<sup>1</sup>

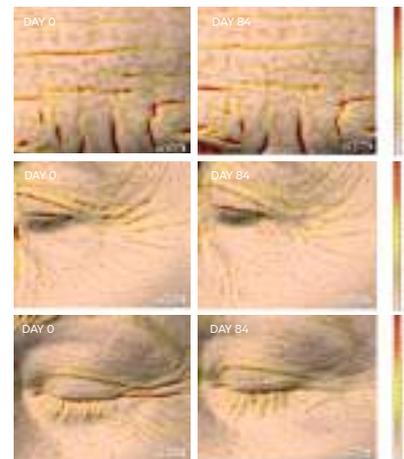

### REDUCES REDNESS<sup>2</sup>

## COMPLEMENTARY PRODUCTS

- Gentle Cleansing Mousse
- Skin Rescue [S.O.S. Serum]
- Upgrade [AR]
- Photocorrection [AR 50+]

### REDUCES DEPTH AND VOLUME OF WRINKLES<sup>2</sup>

## APPLICATION

Use every other night, then increase use according to tolerance.

1. In vitro test.

2. A 3-month clinical assessment on 40 volunteers aged 45+ with Grade 1 rosacea.

# ORIGIN PRO EGF-5 [SERUM]

A light-textured serum for rejuvenation, and complete skin regenerator that works in synergy on all signs of ageing.

## PROPERTIES

This serum is formulated with 5 growth factors for their cell regeneration properties and stimulation to produce collagen and elastin, 2 pentapeptides as wrinkle reducers, extract of plant stem cells to provide nutrients to epidermal stem cells, and Biosaccharide Gum-4 with anti-pollution effect.

## USE

- Apparent age 35+
- Skin with combination or oily tendency
- Medical post-procedure
- Universal and professional minimalist routine
- Retinisation process

## BENEFITS

- Regenerates and reaffirms
- Stimulates the formation of collagen and elastin
- Corrects wrinkles and increases elasticity
- Antioxidant and anti-pollution activity
- Illuminates

**pH of product**  
5-5.5

# ORIGIN PRO EGF-5 [EYES]

This creamy-textured eye contour with illuminating beige pigments provides an overall rejuvenating treatment for eye bags and dark circles.

## PROPERTIES

The eye contour cream is formulated with 5 growth factors for their cell regeneration properties and stimulation to produce collagen and elastin, 2 pentapeptides as wrinkle reducers, extract of plant stem cells to provide nutrients to epidermal stem cells, and an anti-puffiness and dark circle complex.

## USE

- All signs of ageing on eye contour
- Vascular dark circles
- Pigmented dark circles
- Eye bag treatment

## BENEFITS

- Regenerates and reaffirms
- Stimulates the formation of collagen and elastin
- Reduces wrinkles, bags and dark circles
- Reduces erythema on skin under the eyes
- Reduces amount of melanin
- Illuminates

**pH of product**  
6-7  
30 ml.

Hypoallergenic  
Non-comedogenic  
Tested on 5 heavy metals

All Sensilis products contain allergen-free perfumes.  
Dermatologically tested on sensitive skin.

**sensilis** | Sensitive Skin Lab

## INGREDIENTS

### 5 growth factors

- **EGF** favours the healing process (cicatrisation) and cell regeneration
- **IGF** stimulates synthesis of collagen, elastin and proteoglycans
- **A-FGF** stimulates healing of internal fibres
- **B-FGF** accelerates growth of fibroblasts
- **VEGF** facilitates transportation of oxygen and nutrients to fibroblasts

### Pentapeptides

- **Pentapeptide-28**: protects mitochondrial DNA
- **Pentapeptide-31**: optimises stem cell rejuvenation

### Extract of plant stem cells

- Provides nutrients for epidermal stem cells
- Antioxidant

### Anti-puffiness and dark circle complex:

- Chrysin: facilitates elimination of bilirubin
- N-Hydroxysuccinimide: facilitates iron elimination
- Metalloproteinases: tone eye contour

### Anti-eye bag complex:

- Valil-Tryptophan:
- Hesperidin:
- Tetrapeptide (Gly-Glu-Pro-Arg)

## COMPLEMENTARY PRODUCTS

- Gentle Cleansing Mousse
- Calm in Balm
- Origin Pro EGF-5 [Serum]
- Photocorrection [AR 50+]

## APPLICATION

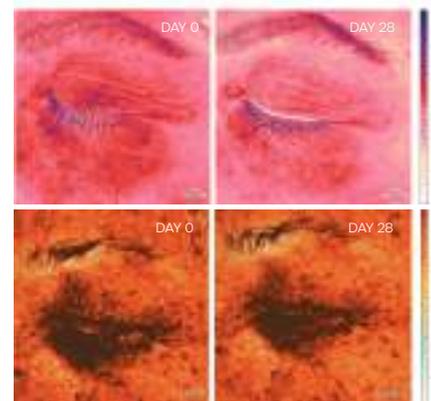

Apply on skin around the eyes as part of your morning and/or night-time routine.

1. A clinical study carried out on 20 volunteers who applied the product once per day.  
2. In vitro test.

## EFFICACY STUDY

- +34.2%** Cellular regeneration in 48h<sup>2</sup>
- +34.2%** Collagen regeneration in 24h<sup>2</sup>
- +47.6%** Elastin regeneration in 24h<sup>2</sup>
- Reduces wrinkles in 1 month<sup>1</sup>:
  - 31.4%** in length
  - 19.1%** in number
  - 42.3%** in surface
- 48%** of dark circles in 1 month<sup>1</sup>
- +31.5%** elasticity in 1 month<sup>1</sup>
- Improves brightness<sup>2</sup>:
  - +38.6%** in 15 mins.
  - +26.4%** in 1 month
- Antioxidant effect<sup>1</sup>

Reduces erythema and the amount of melanin on skin under the eyes

Reduces length and depth of wrinkles around the eyes

Material for healthcare professionals

# SKIN D-PIGMENT [ATX B3 SERUM]

This light-textured serum is effective on hyperpigmented sensitive skin and helps to reduce and prevent the appearance of dark spots.

Tested on melasma and lentigines in phototypes I, II, III and IV.

## PROPERTIES

The serum is formulated with 2% of Tranexamic Acid to reduce stains and improve vascularisation, 10% Niacinamide and Vitamin C as depigmenters, and Azelogylicine to provide luminosity.

## USE

- Sensitive and hyperpigmented skin:
  - Melasma
  - Lentigines
- For all phototypes (I, II, III, IV), including dark ones
- Cosmetic medical post-procedure
- Suitable for summer use
- All skin types

## BENEFITS

- Reduces and prevents the appearance of spots
- Depigments
- Illuminates

**pH of product**  
6.5-7.5  
30 ml.

Non-comedogenic  
Tested on 5 heavy metals

Material for healthcare professionals

## INGREDIENTS

### Tranexamic Acid

- Prevents melanin synthesis (Stage 1) and improves melasma's vascular component

### Niacinamide

- Decreases melanin transfer (Stage 2)

### Azeloglycine

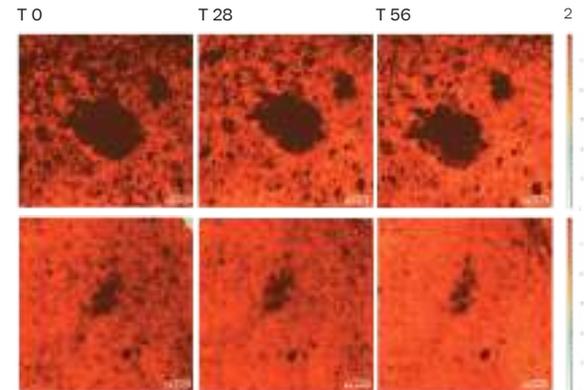

- Illuminates

### Vitamin C

- Inhibits melanin synthesis (Stage 1)

## EFFICACY STUDY

- 10% of melanin in dark stains in 2 months<sup>1</sup>
- 18% in the appearance of stains in 2 months<sup>1</sup>

## COMPLEMENTARY PRODUCTS

- Calm in Balm
- Gentle Cleansing Mousse
- Photocorrection [D-Pigment 50+]
- Skin D-Pigment [AHA10 Overnight]

## APPLICATION

Apply a small amount to your face in the morning or at night.

1. A study carried out on 20 volunteers between the ages of 40 and 60 with hyperpigmented and normal/dry, and combination skin. 10 of the volunteers have sensitive skin.  
 2. A study carried out using Skin D-Pigment [ATX B3 Serum] on 20 volunteers between the ages of 40 and 60 with hyperpigmented sensitive skin. ....10. of. the. volunteers. have. sensitive. skin.. Phototypes. I, II, III. and. IV. (light. and. dark).....

Material for healthcare professionals

# SKIN D-PIGMENT [AHA10 OVERNIGHT]

An enriched emulsion texture treatment for improving cell renovation on hyperpigmented sensitive skin, and helps to reduce and lighten the appearance of dark spots.

Tested on melasma and lentiginos in phototypes I, II, III and IV.

## PROPERTIES

An enriched emulsion formulated with 10% of high-tolerance Polyhydroxy Acid, which help to regenerate skin, Liposomal Ellagic Acid that provides luminosity and Alpha Arbutin (hydroquinona-like) that reduces the production and accumulation of epidermal melanin, and reduces the appearance of spots.

## USE

- Sensitive and hyperpigmented skin:
  - Melasma
  - Lentiginos
- For all phototypes (I, II, III, IV), including dark ones
- Cosmetic medical post-procedure
- All skin types

## BENEFITS

- Renews the stratum corneum
- Reduces the appearance of dark spots
- Depigments
- Illuminates

**pH of product**

6.5-7.5  
30 ml.

Non-comedogenic  
Tested on 5 heavy metals

## INGREDIENTS

### Polyhydroxyalkanoates (10%)

- Maltobionic acid (4%): exfoliates and regenerates skin
- Gluconolactone (6%): antioxidant and anti-inflammatory

### Liposomal Ellagic Acid

- Illuminates and reduces melanin synthesis (Stage 1)

### Alpha Arbutin (hydroquinona-like)

- Reduces production and accumulation of melanin (Stage 1)

## EFFICACY STUDY

**-27.4%** of spots in 1 month<sup>1</sup>

**-42.7%** of spots in 2 months<sup>1</sup>

**-24.5%** luminosity in 1 month<sup>1</sup>

**-40.6%** luminosity in 2 months<sup>1</sup>

T 0 T 28 T 56 2

## COMPLEMENTARY PRODUCTS

- Calm in Balm
- Gentle Cleansing Mousse
- Skin D-Pigment [ATX B3 Serum]
- Photocorrection [D-Pigment 50+]

## APPLICATION

Apply a thin layer of product, like a mask, to the face every other night.

1. A study carried out using Skin D-Pigment [10AHAs OVERNIGHT] on 20 volunteers between the ages of 40 and 60 with hyperpigmented sensitive skin. 10 of the volunteers have sensitive skin.
2. A study carried out using Skin D-Pigment [10AHAs OVERNIGHT] on 20 volunteers between the ages of 40 and 60 with hyperpigmented sensitive skin. 10 of the volunteers have sensitive skin. Phototypes I, II, III and IV (light and dark).

Material for healthcare professionals

# PURE AGE PERFECTION [CICACNE SERUM]

Oil-free serum with ultra-fluid texture for double correction, imperfections and wrinkles, effective on sensitive, Oily and blemish prone skin.

## CHARACTERISTICS

Serum formulated with 5% Mandelic Acid, for its sebum-regulating and exfoliating action, Centella Asiatica Extract, for its soothing action, a TFGFB-2 Growth Factor, stimulates collagen synthesis and Prebiotics to maintain the balance of the microbiota.

## INDICATIONS

- Sensitive, oily and acne-prone skins
- Skin with adult acne
- Skin with acne marks
- Aesthetic medical post-procedure

## BENEFITS

- Corrects blemishes
- Visibly reduces acne marks
- Regulates sebaceous secretion and reduces pore size
- Mattifying effect
- Visibly improves wrinkles

### pH Product

4,0-5,0

30 ml.

Non comedogenic

Tested on 5 heavy metals

## INGREDIENTS

### 5% Mandelic Acid

- Antibacterial and mild exfoliating action

### Centella Asiatica Extract

- High content of asiaticosides with soothing effect

### TFGB-2 Growth Factor

- Retinol-Like<sup>1</sup>: Increases collagen synthesis

### Prebiotics

- Maintains microbiota balance
- 

## COMPLEMENTARY PRODUCTS

- Purify Essential Cleanser
  - Azelaic [Peel]
  - Pure Age Perfection [Retinal]
  - Photocorrection [Pure Age Perfection 50]
- 

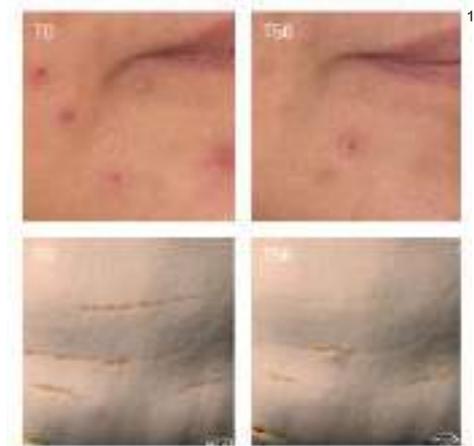

## APPLICATION

Apply 3 or 4 drops on the whole skin, or locally on imperfections.

## EFFICACY TEST

**-40%** of imperfections in 2 month<sup>1</sup>

**-40%** of wrinkles in 2 month<sup>1</sup>

---

1. Clinical evaluation under dermatological control performed on 20 volunteers of both sexes aged 35 to 65 years with combination, oily and blemish prone skin for 56 days.

# PURE AGE PERFECTION [RETINAL]

Oil-free serum with a fluid gel texture effective on sensitive, oily and acne-prone skin that redensifies and perfects oily skin.

Tested on oily and acne-prone skin.

## CHARACTERISTICS

Serum formulated with 5% Retinal Encapsulated in Nanovesicles, for its transforming and antibacterial action, a TFG-2 Growth Factor, which stimulates collagen synthesis, Organic Silica that helps prevent collagen deterioration, and Prebiotics, to maintain the balance of the microbiota.

## INDICATIONS

- Sensitive, oily and acne-prone skins
- Oily skin >40
- Skin with blemish
- Aesthetic medical post-procedure

## BENEFITS

- Improves the signs of aging of oily skin
- Redensifies the skin
- Visibly improves wrinkles
- Improves skin texture and tone
- Diminishes imperfections

**pH Product**

5,0-6,0

50 ml.

Non comedogenic

Tested on 5 heavy metals

Material for healthcare professionals

---

## INGREDIENTS

### 5% Retinal Encapsulated Nanovesicles

- Renewing and antibacterial action

### TFGB-2 Growth Factor

- Retinol-Like<sup>1</sup> action: increases collagen synthesis

### Organic Silica

- Prevents collagen and elastin deterioration

### Prebiotics

- Maintains microbiota balance
- 

## COMPLEMENTARY PRODUCTS

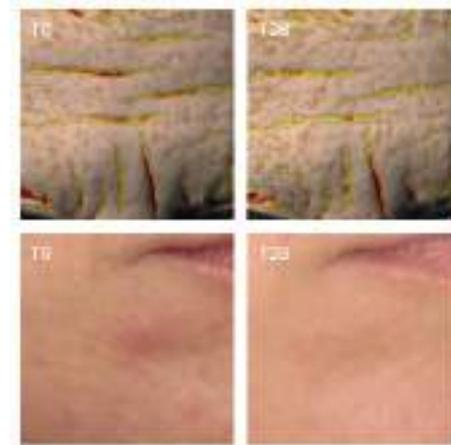

- Purify Essential Cleanser
  - Azelaic [Peel]
  - Pure Age Perfection [Cicacne Serum]
  - Photocorrection [Pure Age Perfection 50]
- 

## APPLICATION

Apply a small amount at night.

## EFFICACY TEST

- +69%** Collagen synthesis in 48h<sup>1</sup>
- +40%** redensified skin in a month<sup>2</sup>
- 50%** of blemishes in a month<sup>2</sup>

1. In vitro test.

2. Clinical evaluation under dermatological control performed on 20 volunteers of both sexes aged 35 to 65 years with mixed, oily and acne-prone skin, for 28 days.

# SKIN RESCUE [S.O.S SERUM]

An ultra-light texture serum that soothes and repairs skin, reduces redness and restores the skin barrier function while keeping skin hydrated.

Tested on skin prone to Type 1 rosacea.

## PROPERTIES

The serum is formulated with CM-Naringenin Chalcone and panthenol for their anti-reddening effect, alpha-bisabodol for its anti-inflammatory effect, niacinamide to strengthen the skin barrier function and 5 growth factors for their power to remodel, restore and renew.

## USE

- Sensitive and reddened skin, or skin prone to rosacea and/or erythema
- Retinisation process
- Cosmetic medical post-procedure
- Instant soothing effect required

## BENEFITS

- Soothes, repairs and remodels
- Restores skin barrier function
- Reduces redness
- Moisturises

**pH of product**  
5-6  
30 ml.

Hypoallergenic  
Non-comedogenic

Tested on 5 heavy metals

Formulated to a perfect pH for the most sensitive skin types

## INGREDIENTS

### CM-Naringenin Chalcone

- Anti-redness

### Panthenol

- Anti-redness

### Alpha-bisabolol

- Anti-inflammatory action

### Niacinamide

- Strengthens skin barrier function

### 5 growth factors

- Remodels, renews and restores

## COMPLEMENTARY PRODUCTS

- Purify Essential Cleanser
- Upgrade [AR]
- Photocorrection [AR 50+]
- Eternalist A.G.E [Retinol]

## APPLICATION

Apply 3 or 4 drops on reddened or reactive skin.

1. Dermatologically tested on 30 volunteers with Type 1 rosacea, erythema and/or sensitive skin.  
2. Instrumentally assessed using Moisturimeter® on 20 volunteers.

## EFFICACY STUDY

Soothes and restores skin in **30 mins.**<sup>1</sup>

**-20.5%** redness in 1 month<sup>2</sup>

**-21.3%** TEWL in 1 month<sup>2</sup>

**+29.7%** hydration in 1 month<sup>3</sup>

Immediately after applying the peeling

30 minutes after applying SKIN RESCUE [S.O.S.] post-peeling

# SKIN RESCUE [BARRIER]

Light cream that visibly and intensely repairs the skin's barrier function, highly moisturizing, soothes and reduces skin redness.

Tested on skin prone to type 1 rosacea & sensitized skin

## PROPERTIES

Cream formulated with a blend of 5 Ceramides, for their barrier function repairing action, 4 types of hyaluronic acid, for their great moisturizing power, Prebiotics to keep the microbiota balanced and Dipotassium Glycyrrhizinate for its anti-inflammatory and soothing action.

## RECOMMENDED FOR

- Dehydrated skin
- Skin with burning or itching
- Skin with a normal to mixed-oily tendency
- Skin prone to rosacea and/or couperosis
- Retinization processes
- Post-aesthetic medical procedure

## BENEFITS

- Restores barrier function
- Increases hydration
- Soothes and reduces redness
- Anti-pollution action

**pH of product**

5,5-6,5

50 ml.

Hypoallergenic

Non-comedogenic

Tested on 5 heavy metals

Tested after aesthetic medical procedure

## INGREDIENTS

### Blend of 5 Ceramides:

EOP, NS, NP, AS, AP

- Restores barrier function

### Fatty acids:

- Repair and moisturize

### 4 types of Hyaluronic Acid:

- **Low & médium** molecular weight Hyaluronic acid
- **Hyaluronic acid elastomer**
- **Acetylated** Hyaluronic acid
- Moisturizing

### Prebiotics

- Maintains microbiota balance

### Dipotassium glycyrrhizinate

- Anti-inflammatory

## EFFICACY STUDY

**-27.2%** TEWL in 24 hours

**+35%** hydration in 30 min\*\*.

Soothes and repairs the skin in 30 minutes\*.

Anti-pollution action\*\*\*

## COMPLEMENTARY PRODUCTS

- Calm in Balm
- Supreme [Booster FeCe]
- Photocorrection [AR 50+]
- Eternalist A.G.E. [Retinol]

## APPLICATION

Apply a small amount in the morning or evening.

\*Clinical study conducted on 15 male and female volunteers from 21 to 60 years old with normal and combination skin, sensitive post Jessner peeling.

\*\* Clinical study performed on 15 male and female volunteers from 23 to 57 years old with dry, normal, combination and oily skin.

\*\*\* In vitro 24h test.

# PHOTOCORRECTION [AR 50+]

A fluid texture emulsion with high SPF 50+ protection that reduces redness, makes skin firmer and protects it from UVA, UVB and blue light rays.

## PROPERTIES

This fluid emulsion is formulated with CM-Naringenin Chalcone for its anti-reddening effect, Rutin Glycoside for its reaffirming effect, Red Rice Extract for strengthening the skin barrier function and Physalis angulata Extract for its antioxidant and anti-inflammatory properties.

## USE

- Aged or dehydrated skin
- Sensitive skin, and skin prone to rosacea and/or erythema
- Daily photoprotection

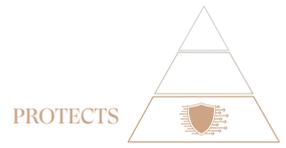

## BENEFITS

- Photoprotection SPF 50+ against UVA, UVB and blue light rays
- Firming
- Anti-redness
- Hydrating and soothing
- Antioxidant
- Anti-pollution

**pH of product**  
5-5.5  
40 ml.

Hypoallergenic  
Non-comedogenic  
Tested on 5 heavy metals  
Formulated to a perfect pH for the most sensitive skin types

## INGREDIENTS

### CM-Naringenin Chalcone

- Anti-reddening effect

### Rutin Glycoside

- Reaffirming effect

### Red Rice Extract

- Increases collagen synthesis

### Physalis angulata Extract

- Antioxidant and anti-inflammatory

## EFFICACY STUDY

Soothes sensitive skin in **5 seconds**<sup>1</sup>

**+16%** firmness in 1 month<sup>1</sup>

**-4%** redness in 1 month<sup>1</sup>

Antioxidant and anti-pollution protection<sup>1</sup>

## COMPLEMENTARY PRODUCTS

- Gentle Cleansing Mousse
- Eternalist A.G.E. [Serum AI]
- Upgrade [Day Cream]
- Eternalist A.G.E [Retinol]

## APPLICATION

Apply a small amount on your face every morning.

1. A study carried out on 20 volunteers of all ages with dry, combination and oily skin types prone to rosacea.

# PHOTOCORRECTION [D-PIGMENT 50+]

This anhydrous colour mousse SPF 50+ corrects and fades stains on hyperpigmented sensitive skin, and protects from UVA, UVB and blue light rays.

## PROPERTIES

The mousse is formulated with *Salvia sclarea* Bioferment Extract, and Vitamin C for their depigmenting effect that unify skin tone and provide luminosity, Vitamin C and E for their antioxidant effect and with non-nano filters that are not endocrine disruptors, nor soluble in water.

## USE

- Sensitive skin
- Hyperpigmented skin including dark phototypes
- Daily photoprotection with colour
- Skin of any age

## BENEFITS

- Photoprotection SPF 50+ against UVA, UVB and blue light rays
- Depigments
- Illuminates and soothes
- Antioxidant IR protection

**pH of product**  
5-5.5  
40 ml.

Hypoallergenic  
Non-comedogenic  
Tested on 5 heavy metals  
Formulated to a perfect pH for the most sensitive skin types

## INGREDIENTS

### Salvia sclarea Bioferment Extract

- Prevents hyperpigmentation of skin caused by external factors

### Vitamin C

- Inhibits melanin synthesis (Stage 1). Antioxidant action

### Vitamin E

- Antioxidant action

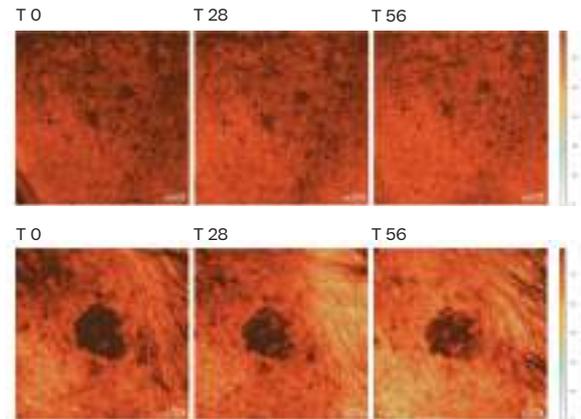

### Solar filters which are not endocrine disruptors

- Photoprotection SPF 50+ against UVA, UVB and blue light rays

## EFFICACY STUDY

**-16%** appearance of dark stains in 2 months<sup>1</sup>

Antioxidant and IR protection<sup>2</sup>

## COMPLEMENTARY PRODUCTS

- Purify Essential Cleanser
- Skin D-Pigment [Serum ATX B3]
- Upgrade [AR]
- Skin D-Pigment [Color Drops]

## APPLICATION

Apply a small amount on your face every morning.

1. A study carried out over 2 months on 20 women between the ages of 40 and 60 with hyperpigmented (normal, dry, combination) and sensitive skin.  
2. In vitro test.

# PHOTOCORRECTION [PURE AGE PERFECTION 50]

Fluid textured emulsion with high SPF 50 protection that controls sebum, mattifies and protects sensitive, oily and acne-prone skin from UVA, UVB and Blue Light rays.

## PROPERTIES

Fluid emulsion formulated with Azelogyline for its sebum-regulating action, Silica microspheres for its mattifying power and Lactobionic Acid for its moisturising and anti-wrinkle power.

## RECOMMENDED FOR

- Sensitive skin
- Oily and acne-prone skin
- Daily photoprotection
- For skins of all ages

## BENEFITS

- Sunscreen SPF 50 against UVA, UVB and Blue Light
- Seboregulatory effect
- Mattifying effect
- Moisturising effect

40 ml

Non-comedogenic  
Hypoallergenic  
Sweat and water resistant

## INGREDIENTS

### Azeloglycine

- Seboregulatory action

### Silica microspheres

- Mattifying action

### Lactobionic Acid

- Moisturising and anti-wrinkle action

## EFFICACY TEST

**-14%** Shine after 20 minutes of an application<sup>1</sup>

**-9.5%** Sebum<sup>1</sup>

**+13%** Hydration<sup>1</sup>

## COMPLEMENTARY PRODUCTS

- Purify Cleansing Gel
- Gentle Cleansing Mousse
- Pure Age Perfection [Cicacne Serum]
- Pure Age Perfection [Retinal]

## APPLICATION

Apply a small amount to the face each morning.

1. Clinical study carried out on 20 volunteers from 35 to 73 years old with sensitive, oily and acne-prone skin. Results obtained after 2 applications per day during 28 days.

# PHOTOCORRECTION [HA 50+]

First fluid with very high protection that provides a moisturising and anti-wrinkle facial treatment thanks to its Hyaluronic Acid and Provitamin D3.

## PROPERTIES

Provides high daily protection against photoageing while treating the signs of ageing in sensitive skin. Formulated to provide protection from UVA, UVB and blue light.

## RECOMMENDED FOR

- Especially suitable for sensitive skin with lack of moisture
- All phototypes
- Water, sweat and moisture resistant

## BENEFITS

- Protects from UVA, UVB and blue light
- Moisturising
- Elastising
- Anti-wrinkles
- Available in colour

50 ml

Non-comedogenic

Hypoallergenic

Tested on 5 heavy metals

## INGREDIENTS

### ProVitamin D3

- Vitamin D3 Booster Action
- Reduces UV-induced erythema and strengthens the natural skin barrier and strengthens the skin's natural barrier.

### Hyaluronic Acid

- Contributes to hydration, elasticity and firmness of the skin.

### Physalis angulata

- Decreases metalloproteinase activity

### Allantoin

- Soothing and calming action

## EFFICACY TEST

**+45** Immediate hydration<sup>1</sup>

**-25%** Wrinkle reduction<sup>2</sup>

**+17%** Elasticity<sup>2</sup>

## COMPLEMENTARY PRODUCTS

- Calm in Balm
- Gentle Cleansing Mousse
- Supreme [Booster FeCE]
- Hydra Essence [Sorbet Gel] / Hydra Essence [Mask]

## APPLICATION

Apply evenly to the face and body 30 minutes before sun exposure.

Reapply in case of prolonged exposure, intense sweating, or after getting wet or dry.

1. Clinical study carried out on 20 female volunteers aged between 20 and 56 years with all skin types. Results obtained in 20 minutes.

2. Clinical study carried out on 20 female volunteers aged between 29 and 65 with all skin types. Results obtained after 1 application per day for 28 days.

# WATER FLUID 50+

Very high ultralight water-based facial protection that melts into the skin and provides a delicate fresh sensation with an invisible, silky and matte finish.

## PROPERTIES

Ultra-fluid anti-ageing photoprotector with an aqueous emulsion texture, which hydrates and protects through a combination of UVB and UVA filters.

## RECOMMENDED FOR

- All skin types
- For phototypes II and III
- Water, sweat and moisture resistant

## BENEFITS

- Protects from UVB and UVA rays
- Moisturising
- Soothing / re-epithelialising
- Anti-ageing effect
- Antioxidant effect
- Non-sticky
- Non-oily
- Fast absorbing
- Invisible finish
- Available in colour

40 ml

Hypoallergenic  
Non-comedogenic  
Tear Free

## INGREDIENTS

### UVB

- ETHYLHEXYL METHOXYCINNAMATE (Chemical Filter)
- ETHYLHEXYL SALICYLATE (Chemical Filter)
- ETHYLHEXYL TRIAZONE (Chemical Filter)

### UVA

- BUTYL METHOXYDIBENZOYLMETHANE (Chemical Filter)

### UVA+UVB

- BIS-ETHYLHEXYLOXYPHENOL METHOXYPHENYL TRIAZINE (Chemical Filter)

### Hyaluronic Acid

- Moisturising, tightening effect. Improves skin elasticity.

### Allantoin

- Provides a softening and soothing effect.

### Schisandra chinensis

- Soothing, anti-ageing effect, increasing the skin's capacity to recover elasticity and firmness.

### Vitamin E Acetate

- Antioxidant effect

## OCEAN RESPECT

Does not harm phytoplankton or zooplankton. Study carried out on *Paracentrotus Lividus* and *Isochrysis Galbana* to assess environmental impact.

## APPLICATION

Shake well before use. Apply evenly to the face and body 30 minutes before sun exposure. Reapply in case of prolonged exposure, intense sweating, or after getting wet or dry.

1. Study on 20 volunteers after two daily applications for 28 days. Measured with a moisture meter.
2. Study on 20 volunteers after the first application
3. In vitro product test

# INVISIBLE MATT GEL SPF 50

Easy-to-apply anhydrous gel with a fluid consistency that provides a delicate, lightweight texture. It is formulated with a combination of Filters that ensure high protection from UVA and UVB rays.

## PROPERTIES

High protection mattifying invisible gel with moisturising, antioxidant and DNA-protective, restructuring and soothing active ingredients that give the product additional properties, enhancing its protective and anti-ageing effect, leaving the skin soft and conditioned.

## RECOMMENDED FOR

- All skin types
- All phototypes
- Water, sweat and moisture resistant
- Ideal for oily skin and areas with hair
- Especially suitable for outdoor athletes

## BENEFITS

- Protects from UVB and UVA rays, and blue light
- Moisturising and soothing
- Antioxidant effect
- Anti-ageing effect
- Non-sticky
- Non-oily
- Fast absorbing
- Mattifying

40 ml

Hypoallergenic  
Non-comedogenic  
Tear Free

## INGREDIENTS

### UVB

- ETHYLHEXYL SALICYLATE (Chemical Filter)
- ETHYLHEXYL TRIAZONE (Chemical Filter)
- DIETHYLHEXYL BUTAMIDO TRIAZONE (Chemical Filter)

### UVA

- DIETHYLAMINO HYDROXYBENZOYL HEXYL BENZOATE (Chemical Filter)

### UVA+UVB

- BIS-ETHYLHEXYLOXYPHENOL METHOXYPHENYL TRIAZINE (Chemical Filter)

### Alpha bisabolol

- Anti-inflammatory and soothing properties through the inhibition of inflammatory mediators.

### Vitamin E Acetate and fully plant-derived supplement

- Antioxidant effect

### Hyaluronic Acid

- Helps smooth deep wrinkles and keep the skin hydrated.

### Schisandra chinensis

- Strengthens the cohesion between the dermis and epidermis, improving skin firmness and elasticity.

## OCEAN RESPECT

Ingredients selected according to specific criteria that consider water solubility, biodegradability and particle size.

## APPLICATION

Apply to the face, neck and décolleté with a gentle massage to encourage absorption 30 minutes before exposure to the sun.

1. Study carried out on 20 volunteers 8 hours after application. Measured with a moisture meter.
2. Study carried out on 20 volunteers 20 minutes after application
3. In vitro product test

# GEL CREAM SPF 50+

Moisturising, refreshing anti-ageing sunscreen.  
Hydrates like a cream and refreshes like a gel.  
Waterproof.

## PROPERTIES

Easy-to-apply sunscreen with a fluid consistency, formulated with a combination of filters that ensure protection from UVA and UVB rays. This protective effect is enhanced by the inclusion of moisturising, antioxidant, regenerating and soothing active ingredients in the formula.

## RECOMMENDED FOR

- All skin types
- All phototypes
- Water, sweat and moisture resistant

## BENEFITS

- Protects from UVB and UVA rays
- Soothing
- Antioxidant effect
- Anti-ageing effect
- Non-sticky
- Non-oily
- Fast absorbing

250 ml

Hypoallergenic  
Non-comedogenic

## INGREDIENTS

### UVB

- OCTOCRYLENE (Chemical Filter)
- PHENYLBENZIMIDAZOLE SULFONIC ACID (Chemical Filter)

### UVA

- BUTYL METHOXYDIBENZOYLMETHANE (Chemical Filter)

### UVA+UVB

- BIS-ETHYLHEXYLOXYPHENOL METHOXYPHENYL TRIAZINE (Chemical Filter)
- METHYLENE BIS-BENZOTRIAZOLYL TETRAMETHYLBUTYLPHENOL [NANO] (Physical-Chemical Filter)

### Glycerine and Butylene Glycol

- Moisturises by increasing and promoting water retention in the stratum corneum.

### DNA Save Complex

- A mixture of two plant extracts (Eriodictyon californicum and Pisum sativum extracts) with DNA repair, regenerative and soothing properties.

### Allantoin

- Provides a softening and soothing effect.

### Vitamin E

- Antioxidant effect

## OCEAN RESPECT

Does not harm phytoplankton or zooplankton. Study carried out on *Paracentrotus Lividus* and *Isochrysis Galbana* to assess environmental impact.

## APPLICATION

Apply to body and limbs before any sun exposure. Reapply regularly during exposure.

1. Study on 20 volunteers after two daily applications for 28 days. Measured with a moisture meter.
2. Study on 20 volunteers after the first application
3. In vitro product test

# BODY SPRAY SPF50 DRY TOUCH

Invisible and refreshing high protection spray which, thanks to its dry touch, can be applied on both wet and dry skin.

Its immediate drying effect prevents sand from sticking to the skin.

## PROPERTIES

Transparent spray with a fluid consistency, easy to apply, with delicate, dry, lightweight texture silky to the touch. Formulated with a combination of filters that ensure very high protection from UVA and UVB rays.

Continuous spray: it can be sprayed from any angle.

No propellant gases that damage the ozone layer.

## RECOMMENDED FOR

- All skin types
- For phototypes II and III
- Water, sweat and humidity resistant

## BENEFITS

- Protects from UVB and UVA rays
- Moisturising
- Antioxidant
- Non-sticky
- Non-oily
- Fast absorbing

200 ml

Hypoallergenic  
Non-comedogenic

## INGREDIENTS

### UVB

- DIETHYLHEXYL BUTAMIDO TRIAZONE (Chemical Filter)
- OCTOCRYLENE (Chemical Filter)
- ETHYLHEXYL SALICYLATE (Chemical Filter)

### UVA

- BUTYL METHOXYDIBENZOYLMETHANE (Chemical Filter)

### UVA+UVB

- BIS-ETHYLHEXYLOXYPHENOL METHOXYPHENYL TRIAZINE (Chemical Filter)

### • Hyaluronic Acid:

- Moisturising action

### Vitamin E Acetate

- Antioxidant effect

## OCEAN RESPECT

Selection of ingredients under specific criteria considering water solubility, biodegradability and particle size.

## APPLICATION

Shake before use. Apply generously on the skin, 30 minutes before sun exposure. Reapply frequently.

1. Study on 20 volunteers after two daily applications for 28 days

# AFTER SUN REPAIR

Moisturising, soothing emulsion for skin exposed to oxidative stress from ultraviolet rays, with a cooling effect.

## PROPERTIES

Fluid emulsion enriched with active repairing, soothing, moisturising and regenerating ingredients, specifically developed to be used after sun exposure and similar threats.

## RECOMMENDED FOR

- All skin types
- Sweat and moisture resistant

## BENEFITS

- Moisturises, soothes and repairs
- Antioxidant effect
- Non-sticky
- Non-oily
- Fast absorbing

200 ml

Hypoallergenic  
Non-comedogenic

## INGREDIENTS

### Alpha bisabolol

- Anti-inflammatory and soothing properties through the inhibition of inflammatory mediators.

### Allantoin

# PURE AGE PERFECTION [FLUID]

Dermatological make up that helps to control sebaceous secretion and hide blemishes thanks to Zinc, while providing moisturising power and repairing the barrier functions thanks to ceramides and niacinamide.

## PROPERTIES

A foundation formulated with Zinc and Niacinamide for its sebum control, Superoxide Dismutase (SOD) for its antioxidant effect and ceramides due to the restructuring effect they have on the skin barrier function. Provides antiaging action thanks to its mixture of antioxidant active ingredients which help to fight free radicals.

## USE

- Combination and oily skin
- Acne-prone skin
- Sweat and humidity-resistant

## BENEFITS

- Helps to control sebum
- Covers and treats imperfections
- Hydrates and repairs skin barrier function
- Illuminates
- Antioxidant and restructuring effect
- Leaves skin glowing without looking shiny
